- **Web Development:** HTML, CSS, Bootstrap, PHP, JavaScript, jQuery
- **Booking and Ticketing Systems:** Developed booking and ticketing systems from scratch for internal use
- **Email Integration:** Integrated PHPMailer for email communication in web applications
- **ERP System:** Odoo (Customizing UI and creating automation)
- **Troubleshooting and Problem-Solving:** Proficient in backtracking, promptly resolving errors and bugs
- **Communication and Collaboration:** Excellent communication skills, adept at leading and providing guidance to team members
- **Server Management:** Setting up and maintaining Windows Server 2022, managing networking systems
- **CCTV Systems:** Installation and maintenance of TP-Link CCTV systems
- **IT Support:** Providing technical support for IT-related concerns in a corporate setting

Projects

Strand Assessment Test

- **Description:** Developed a web-based application to assist Grade 11 students in selecting their Senior High School strand. The tool evaluates personality, skills, interests, and preferences to recommend the best -fit strand.
- **Technologies:** HTML, CSS, JavaScript, PHP, MySQL, Bootstrap, PHPMailer, K-NN
- **Achievements:**
 - Created a visually appealing UI without using any templates
 - Utilized machine learning techniques (K-NN) for efficient analysis and recommendation

- Implemented quick computation for accurate results
- Incorporated email authentication using PHPMailer

Etikatetah.com

- **Description:** Developed a custom e-commerce website for a client, managing the entire project independently from design to deployment.
- **Technologies:** HTML, CSS, JavaScript, PHP, MySQL, Bootstrap, jQuery, PHPMailer
- **Achievements:**
 - Delivered a fully functional e-commerce platform with a user-friendly interface.
 - Integrated a shopping cart system and ensured responsive design.
 - Met the client's specific requirements through custom development.

vvsgroup.com.ph

- **Description:** Developed and deployed vvsgroup.com.ph as the corporate website for the company, managing all aspects from design to implementation, ensuring full compliance with company requirements using HTML, CSS, PHP, MySQL, and Bootstrap.
- **Technologies:** HTML, CSS, JavaScript, PHP, MySQL, Bootstrap, jQuery, PHPMailer
- **Achievements:**
 - Developed a booking system from scratch.
 - Created a ticketing system.
 - Built various portals to meet the needs of each department within the company.

Experience

Melham Construction Corporation | Unified Internship Program

Intern | Team Leader

250 Hours

- Monitored team progress on a daily basis to ensure project milestones were met.
- Hosted daily meetings to discuss project status, assign tasks, and provide guidance to team members.
- Assisted team members with queries, providing technical support and guidance as needed.
